

Mountain Creek SHS Rugby League - Sponsorship Opportunity

As you may already be aware, our school has a student body of over 2000 which makes us one of the largest schools in Queensland. We are regarded as one of the very best schools in the state, as our accreditation with the Australian Schools Accreditation Agency testifies. Our school is continuously in the public eye, enjoys excellent media coverage and has an excellent sporting, creative arts and academic reputation.

Students attending Mountain Creek State High School have the opportunity to be involved in a **Rugby League Development Program**. The program structure is provided as an overview on the following page.

As you can see the program is comprehensive and none of this would have been possible without the tremendous support, in particular, financial support from parents and sponsors. All teams require weekly bus transport to a range of venues, as well as equipment, first aid, referees, fitness equipment and playing attire. Any funding would obviously ease the burden on students and their families.

It is the purpose of this letter to attempt to gain interest in financial support of potential sponsors/ companies that may wish to take on an excellent opportunity in promoting their business, service or product by sponsoring our program or one of our teams.

We can offer different levels of sponsorships depending on financial commitment available.

The following levels of exposure are available for your company.

- Your business name/logo appearing on the team playing jerseys training shirts/shorts (see example from 2018 below)
- Coverage in the school's Creeker and Horizon magazine (circulation of over 3500 copies) and monthly newsletter distributed to over 2000 homes.
- Business name on school website (Rugby League page) and school social media platforms

Please don't hesitate to contact me if you can be of any assistance

Yours faithfully

Dan Roberts
